

Electronics

Electronics

Electronics have become an integral part of our lives. Our DIY kits are a great way for the students to learn all about electronics in a practical way. All the activities are subjected to prototype model of the real time projects.

What we do in Electronics?

- Door Bell
- Cleaner Robot
- Burglar Alarm
- Soccer Bot
- Vending Machine
- Smart Dust Pan
- Gesture Controlled Robot
- Automatic Fire Extinguisher
- ..and MANY MORE!!
